

Green Ovingham Garden Share Scheme

Do you live in the Ovingham area and have a garden that is underused, or that has gone unmanaged due to lack of time, interest, or physical mobility?

Or are you a would-be gardener who has no access to a garden, and who would love the chance to grow your own fresh food, herbs and flowers?

This garden share scheme is a local initiative which will try to link up people who have an underused garden with enthusiastic people committed to growing their own food.

If you would like to be involved please contact Bridget Broadhurst on 01661 835096 to discuss details of the scheme and how it will work.

Alternatively e-mail:

broadhursts@croftview.freeserve.co.uk
